

# Workshops designed for you

Open Clasp can run our fun and thought-provoking drama workshops as a standalone session or a series of sessions with your group.

Once you've contacted Open Clasp and let us know who would be attending the workshop and what you would like it to achieve, we will design a drama workshop for you, often incorporating scenes from one of Open Clasp's shows.

This allows your group to get involved in the drama, learning skills, gaining knowledge and confidence and having fun.

If you would like to find out more about how a drama workshop could work with you and your group please contact us on **0191 2724063** or at **[info@openclasp.plus.com](mailto:info@openclasp.plus.com)**
